MACAO, COTAI STRIP

## Four Seasons Hotel Macau, Cotai Strip

At Four Seasons we consider life and work to be richer when we truly connect with the people and environment around us.

Our family members are masters at their crafts - a gardener can become an artist, a manager a conductor, a chef an inventor. We look for employees who share the Golden Rule; people who, by nature, believe in treating others as we would have them treat us. We look for our people to characterize a shared passion for excellence and to infuse that enthusiasm into everything they do.
