Nansha Youth Federation of Guangzhou ( hereinafter abbreviated to NYF ) is a major youth association representing Nansha New District of Guangzhou to carry out exchanges and cooperation with Hong Kong and Macau in the field of youth. Its current chairman is Song Xiaodong.

In recent years we have been guided by the national FTA strategy. Focusing on meeting the Outline Development Plan for the Guangdong-Hongkong-Macau Greater Bay Area by giving full play to its organizational advantage, resource superiority and "platform capabilities". We also focus on five projects; which are communication, internships, employment, entrepreneurship, and house ownership, relating to youth from Hong Kong and Macau. Our aim is to build a one-stop service platform "Port of Dream in bay area" to support Hong Kong and Macau youth.

Since its establishment, NYF has regularly carried out various exchange activities for youth from Guangdong, Hong Kong and Macau effectively covering 43,000 people. We have extensively promoted the integration of youth among the three places and comprehensively advanced the "One Hundred Enterprises - One Thousand Persons" Internship Program for Students from Hong Kong and Macau in the Nansha Free Trade Zone. Up to now, more than 1,600 young students from Hong Kong and Macau have completed their internships, which effectively cultivates the students' positive will to develop within the bay area. We innovated the internship model by launching the "Professional Elite" Trainee Program for fresh graduates from Hong Kong and Macau to promote youth employment in statutory bodies and enterprises in the Nansha District. With "Nansha Valley" as the

core, we will build a Hong Kong-Macau youth innovation and entrepreneurship base with a high standard to help youth innovate and start businesses in the Greater Bay Area. A total of 110 apartments for young entrepreneurial talents have been built. Serving nearly 100 youth from Hong Kong and Macau who have successfully applied for or purchased housing with joint property rights or commercial housing. We have built a comprehensive service platform for commodity exhibition, sales for Portuguese-speaking countries and youth cross-border e-commerce business incubation in the Nansha Free Trade Zone. In addition; we have also promoted cultural and economic exchanges and trades between Guangzhou, Macau and Portuguese-speaking countries, developing comprehensive and deep cooperation.
